 - German reported. "Summer bridge" for students who don't normally get into Fire Academy. More prep for Fire Academy; and it'll be for summer -- talking to Pleasanton school district / Guided Pathways about it. He's been limited on number of classes he can offer; he doesn't have enough CAH. It is not part of a degree or certificate of achievement; it's a standalone course/offering. He hopes it'll be offered in Summer '22.
 - Craig wondered if this could be offered via Community Ed. Erick says they've been in talks about improving the high school-to-LPC pipeline. There are other external factors contributing too (There have been 4 different Deans over the past few years, and no full-time faculty). We will revisit this next summer.
