

LPC Mission Statement

Las Positas College is an inclusive learning-centered institution providing educational opportunities and support for completion of students' transfer, degree, basic skills, career-technical, and retraining goals.

LPC Planning Priorities

- Implement the integration of all ACCJC standards throughout campus structure and processes.
Establish a knowledge base and an appreciation for equity; create a sense of urgency about moving toward equity; institutionalize equity in decision-making, assessment, and accountability; and build capacity to resolve inequities.
Increase student success and completion through change in college practices and processes: coordinating needed academic support, removing barriers, and supporting focused professional development across the campus.
Coordinate resources and provide professional development for effective online instruction and remote delivery of student support services and college processes to advance equitable student outcomes.

Curriculum Committee Charge

Erick Bell

LPC Shared Governance Handbook Review of the Curriculum Committee Duties. Working on the language to fit into the overview of the committee. VP Whalen noted a proposed change of having Dean representatives with voting rights in place of all deans being required to attend curriculum committee meetings. The committee generally agrees with not having all deans being required to attend all curriculum committees and offering a limited number of deans voting rights. The committee also considered changing the title from non-voting member to committee advisors.

Impact of AB 705 & Curriculum Items

Nan Ho/ Joel Gagnon

Math 55 will only be offered to our middle college students. Changes to students Self-Guided Placement (GSP) will be implemented soon. Communication with Student Services will be conducted once the loose ends are finalized within the next few weeks. The transition may be a little complicated but, the process will be smoother along the way.

- **Reports**

Vice President's Report

Kristina Whalen

The State Chancellors office has emailed a survey regarding AB 1111 (the common course numbering system) and they are seeking broad input on this. Everyone is warmly invited to provide feedback through the survey.

Chair's Report

Erick Bell

He is working on documenting SLO committee processes and guiding principles beyond Title 5 in regards to updating curriculum.

Articulation Officer's Report

Craig Kutil

He has been working a lot with the Chancellors office. For courses requiring below transfer level mathematics, he proposed to list only the course titles rather than the course numbers. This should alleviate the Title 5 contradictions.
