TLP information and links will be posted along with a Log-In page for Classweb. A link is now up saying 'Take our student survey', where the student's submission will then be directed to the email. B. Budget Update
- Mr. Ansari explained that the first column is how much we budgeted and the second column is how much we actually spent.
- If you need money for an event or have any questions on the budget, see Mr. O'Rourke, Mr. Ansari or Ms. Moore AS SOON AS POSSIBLE so they can get the funds approved for you and know how much money to allot to the separate categories since they are updating the budget next week.
- Ms. Moore informed us that we stayed under the budget last year, using only $90,000 in total.
- Mr. Ivanov asked how an event goes over the budget. Ms. Moore replied that an example would be Club Day; if we approved up to $400, purchased $300 worth of food, and someone suddenly needed something costing $100, they can ask for more money to compensate for going over budget at next meeting. Occasionally something goes over budget and we need to approve the amount.
