  - The basic skills status of MATH 65A, B, C, and E was discussed. Currently students use MATH 65 toward their degree, however it no longer applies to the Communications and Analytical Thinking GE section. The course numbering will need to be changed to reflect that change. All Basic Skills are courses should have numbering over 100 (MATH 165 was suggested). The question was raised over whether the course change will affect the courses equivalency with Chabot. It was clarified that this equivalency is just in terms of content. The courses will be updated in CNET with new numbering before coming forward for voting. It was discussed that the 17-18 catalog and Banner will need to be updated to be non-degree applicable.

8. Discussion Items

• **Removal of BUSN 55 from LPC GE AA/AS**

Craig Kutil

Craig Kutil stated that BUSN 55 is in the LPC GE AA/AS area of Communication and Analytical Thinking. The course is not at the intermediate algebra level. The math faculty, after reviewing the course, don't feel that it fulfills this GE area. The course is at a similar level to MATH 71, which the Curriculum Committee voted last semester to remove from the Communication and Analytical Thinking GE Area. This will be brought to the Curriculum Committee next meeting for first reading.

• **Policy Change: Advanced Placement Credit**

Marina Lira

• **Remaining Discipline Placements**

Craig Kutil

Craig Kutil stated that the final disciplines will be brought to the committee next meeting for placement confirmation, after further discussion at the next Dean's Meeting.

9. Reports

• **Vice President's Report**

Roanna Bennie

Roanna Bennie stated that she went to the CIO Conference, which discussed streamlining curriculum. The conference emphasized the importance of accurate board approval of curriculum and the accuracy of the catalog. She stated that we are making strides in both areas. We will be in the second group of colleges that will move over the new Curriculum Inventory, which will create a two-week blackout, during which we will be unable to access the Curriculum Inventory. There will be a streamlining curriculum training at the district. The 17-18 catalog has been published.

• **Chair's Report**

Craig Kutil

Craig Kutil stated that he will remain curriculum chair for the next two years. He is planning to have a college day training, mandatory for Curriculum Committee members, to review the new curriculum process. A project for

next semester will be working on the accuracy of program descriptions in the catalog and creating a more regular curriculum process.
