Measure B Projects Nearing Completion

Measure B Projects Support Sustainability

24% more Efficient
Our buildings are 24% more efficient than traditional buildings

30% Less

Innovative technology helps reduce water consumption by 30%

Bioretention Basins

Bioretention basins help mitigate storm water run-off and keep pollutants out of the watershed

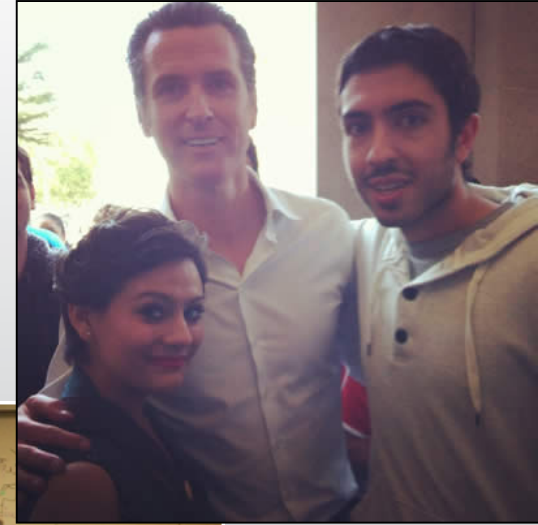

Non-Toxic

Campus uses non-toxic, green cleaning methods

Student Success Scorecard

The screenshot shows a web interface for the Student Success Scorecard. At the top left is the 'STUDENT SUCCESS INITIATIVE' logo with a small photo of a student. To the right is the California Community Colleges logo and the title 'STUDENT SUCCESS SCORECARD'. Below this is a large photo of graduates from Rio Hondo College. A dropdown menu labeled 'Make a selection' is visible. The main text describes the scorecard's purpose and the data it tracks.

Student Success Scorecard

In its commitment to increase transfer and degree and certificate attainment, the California Community Colleges Board of Governors has established a performance measurement system that tracks student success at all 112 community colleges.

This scorecard represents an unprecedented level of transparency and accountability on student progress and success metrics in public higher education in the United States. The data available in this scorecard tell how well colleges are doing in remedial instruction, job training programs, retention of students and graduation and completion rates.

Salary Surfer

The screenshot shows the Salary Surfer website interface. At the top, there is a blue header with the "SalarySurfer" logo on the left, which includes the text "California Community Colleges Chancellor's Office". On the right of the header is the "STUDENT SUCCESS" logo with a circular emblem. Below the header is a photograph of three dental hygiene students in blue scrubs looking at a document. A green callout box in the bottom right of the photo reads "Moreno Valley College Dental Hygiene". Below the photo is a dropdown menu labeled "Select a Program of Study". The main content area has a white background with the following text:

Salary Surfer

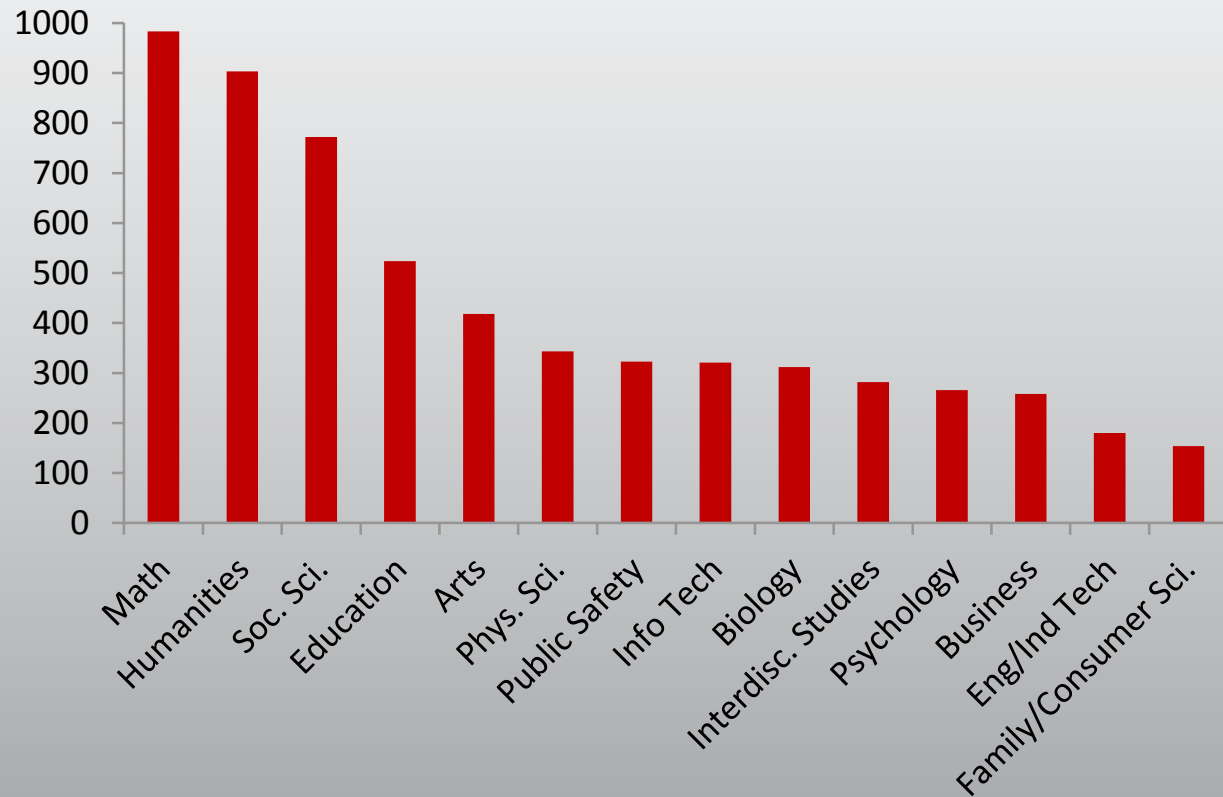

As students and their families make important decisions about investing their time and money in pursuing a college education, the California Community Colleges Chancellor's Office is making available for the first time comparative information about the earnings of recent graduates who received an award in a specific program area at California community colleges.

The Salary Surfer uses the aggregated earnings of graduates from a five year period to provide an estimate on the potential wages to be earned two years and five years after receiving a certificate or degree in certain disciplines. This tool also provides information on which colleges offer programs in those specific disciplines. The Salary Surfer does not contain information about wages earned by community college students who transfer to a four-year institution.
