Certificate of Achievement in Network Support Professional
We will collect assessment data for one of two of our PSLOs. The results will then be disaggregated to identify potential gaps in student performance in order to develop strategies to close gaps. The strategies will be implemented, and the collection process undertaken again.
PSLO - Configure a LAN with routing, and troubleshoot LAN configuration.
Note: CNT 43 is a cross-linked course which falls outside of disipline area, and will be assessed by a deifferent department.
