

LPC Mission Statement

Las Positas College is an inclusive learning-centered institution providing educational opportunities and support for completion of students' transfer, degree, basic skills, career-technical, and retraining goals.

LPC Planning Priorities

- ❖ Implement the integration of all ACCJC standards throughout campus structure and processes.
- ❖ Establish a knowledge base and an appreciation for equity; create a sense of urgency about moving toward equity; institutionalize equity in decision-making, assessment, and accountability; and build capacity to resolve inequities.
- ❖ Increase student success and completion through change in college practices and processes: coordinating needed academic support, removing barriers, and supporting focused professional development across the campus.

Meeting Agenda

1. Welcome and Introductions

- Present: Brian Hagopian, Delbert Wimmer, Vicki Shipman, Brian McKee, Sarah Budriunas, Edward Woodworth, Erick Bell, Juan Maldonado, Don Danner, Bob Paredes, James Weston

2. Review and Approval of Agenda

- Edward Woodworth motioned to approve; Brian McKee seconded – Motion approved

3. Review and Approval of Minutes

- Brian McKee motioned to approve; Juan Maldonado seconded – Motion approved

4. Industry Updates (Emerging Trends, Technology, Job Market)

- Juan Maldonado – Livermore Ford is looking for technicians as is Tracy Ford, and other locations in the Central Valley.
- Sarah Budriunas – We have two potential opportunities for students; for students who have graduated, there is the Tesla Start program which is a 12-week paid internship run out of Evergreen Valley College. For students who are still in the undergrad automotive technology program, the other opportunity is called Tech Trainee in which they could work either full time or part time out of one of our Tesla Service Centers and if they choose full time, they get full health benefits.

5. Faculty Report

- **Enrollment Spring 2021 –**
 Currently we are running the following courses:
 - ❖ HVAC
 - ❖ Engine Performance
 - ❖ Diesel
 - ❖ Service and Introduction
 - ❖ Smog
- We did have one introduction course cancel due to low enrollment, however despite that we have a total of 98.60% fill rate for our courses this semester, which is up 10% from last semester!
- **Summer 2021 –** We will be offering LABA and LABB and a Summer Camp which is a 4-day class; two days lecture, two days hands-on for people that don't want to enroll in an 18-week class but want to know the automotive basics.

- **Fall 2022** – In an effort to make up for that introduction class being cancelled, we split the one 4-unit course into two courses; a 2-unit lecture and a 2-unit lab that students must take together.
- In addition, moving forward Automotive Technology will keep our hybrid courses the way they are with lectures being asynchronous so students have the flexibility to attend or to watch the lectures later that way they can work extra days, but labs will remain in person.
- Academic and Career Pathways –
 - [Advanced Manufacturing and Transportation](#) Pathway
