
WORK EXPERIENCE

WORK EXPERIENCE

The Work Experience courses support the educational benefits of work and give students the opportunity to earn college credit while working in supervised employment. Students work in part-time or full-time, paid or unpaid positions and they contract, in collaboration with their work supervisor and instructor, to achieve learning objectives. There are two types of Work Experience courses: General Work Experience, for students working in any type of job, and Occupational Work Experience/Internship, for students working in a job related to their academic and career goals. Students must already have employment to enroll in these courses.
