

# What is Educational Partnerships?

**Educational Partnerships** at Las Positas College establishes collaborations with local high schools, community organizations, industries, and correctional facilities to reduce barriers to college entry by offering services that reach ALL students. Our programs enhance student success, strengthen community connections, and provide students with real-world experiences and resources to support their academic and career goals.

## These partnerships support students through:

- *Adult Education* (through local Adult Schools)
- *Dual Enrollment* (CCAP and Concurrent Enrollment)
- *Community Education* (Lifelong Learning)
- *Rising Scholars Program* (for currently or formerly incarcerated students)

We are passionate about equity in student access, support, and success. We realize that there are many paths of education that can lead to a productive future. Whether you're just starting or exploring new paths, we're here to support you on your journey!
