I use AI for ...

and never use AI for ...

because I value ...

- Checking my grammar with spell check.
- Ensuring Canvas is accessible for all learners.

- Grading your work.
- Giving you feedback.

- Accessibility for all learners
- Your privacy.
- The good work you do.
- You.

You may use AI for ...

and may not use AI for ...

because I value ...

- Checking grammar with spell check.

- Copy and pasting my homework questions to get the answers.

- Your privacy.
- Your original ideas and thoughts ... even if it doesn't match my life experience.

I understand you and your other professors may have different values and views on AI use.

Thank you in advance for your flexibility and patience on this matter.
