- Dealing with references to ENG 1A.

- For requisite types, note we don't have to do skills analysis.
- For CS 4 & 5, it doesn't need skills analysis at all – this is simply Recommended Course Preparation.
- A memo went out to the CIOs. CCN templates being updated. There's some advisory language that's required for C-ID; institutions can add an advisory (but not a requisite).
- He's not updating equity when he's doing a technical update.

- MUS: Catalog descriptions. 10B: requisite validation; online with a flexible in-person component (ex: "For this course, exams are in-person at a testing center, and this is the week you must do it.").
- PCN: PSYC 1 changed to PSYC 1000 (due to CCN).
- Change made [per 9/30 Committee discussion]: Measurable Objectives → Course Objectives
- NMAT 264: Change in the title
- PSYC: Update because of ENG 1A change; skills analysis /advisory
- SOC: STAT is recommended
- More course mods coming down the pike, then he's updating ADT's.

7. Discussion Items

7.1. Substitution Process for Noncredit Programs

Craig Kutil presenting.

- This came up with the NBUS program: A Business instructor said their student wanted to get the noncredit cert, but he wanted to substitute a course – however, we don't have a course substitution process for NC.
- [Future Action] Eventually, Craig wants to write a CCP on Noncredit Programs.

Committee Comments:

- JG: This could create a lot of extra work [for the AO, Admissions & Records, etc.] and loopholes.
- EWB: What do other colleges do? > CK: *It's a mixed bag – some colleges have large noncredit programs. Really, it's the workforce prep & short-term vocationals that matter. He needs to chat w/ Brian about AUTO.*
- Consensus: At this time, let's not allow substitution for noncredit programs.

7.2. Division Technical Review and SLOs/PSLOs

Craig Kutil presenting.

- The SLO Committee Chair is requesting to have approval / a 'pause' earlier in the CNET review process so new curricula doesn't get past him / move on to the next level before he can see it.

Committee Comments:

- Committee members discussed and decided they don't want to hold up the curriculum review process.
- SD: Will there be a FLEX Day on this (SLOs/assessments in CurriQunet META)? > Liz: Yes, in the Spring.

7.3. Certificate Graduation Requirements

Craig Kutil presenting.

- Per the DegreeWorks Coordinator, we need to review these in the Catalog. Certs of Accomplishment & Achievement, for example – 2.0 overall GPA...
- The DECAF Committee was recently formed and started discussing this (Note: There's 1 counselor rep).
- "C" vs. "D" minimum–this requires further discussion, and ultimately a CC First Reading & Second Reading.
- **Do we keep the Catalog language & change DW to match? Or make a Catalog change to match DW?**
- [Action] Take this back to your Divisions and get their thoughts at Division Meetings next week.
(CK's note: "C or better in every course" could be the goal /is better than what other colleges are doing.)

Committee Comments:

- JG: The discussion is, “We can stay the course until a more explicit process is laid out in the Catalog.”
- JG: It sounds like the Catalog rule is being misapplied in DegreeWorks.
- AA: Our policy, Catalog verbiage, and system should all be in alignment – we should really do something to make everything align. > CK: *I agree, and that’s why I’m inviting the discussion.*
- CK: The associate’s degree has a high standard; the certificates have a different focus.
- JG: We’re getting at “I’ve been vetted” in earning this occupational certificate.
- [Action] JG offered to research what other colleges are doing.
- JG: This isn’t explicit in Board policy (so no BP/AP change needed), right? > CK: *No, it’s not in Board policy.*
- CL: Title V language is just for the associate’s degrees, right. > CK: *Right, here we’re only talking certs.*
- MN: Some of his fellow faculty requested to see data. > CK: *We may have some pre-DegreeWorks data.*

8. Reports

8.1. Vice President’s Report:

Per VP Ho’s email: We are preparing the Annual Curriculum Certification.

8.2. Chair’s Report:

There’s a lot to do! Please encourage your colleagues to get things done ASAP. Craig has been emailing coordinators to let them know that things are slated for deactivation. CNET still has some major things to update [e.g., missing area in the Narrative; course repetition missing; DE Addendum report issue].

8.3. Articulation Officer’s Report:

Again, the Environmental Science ADT is being updated (TMCs) and changing BIO requirements. We’re going to look at partial certification again /Cal-GETC. AB approved/signed last week – requires transfer pathway alignment in various STEM areas; UC put together a pathway so they have something to align to. We’ll see. Cal-GETC: He’s going to ask them to consolidate Ethnic Studies so it’s one thing (instead of 2).

9. Good of the Order

- Liz: Thank You to Danielle for her service on this committee for the past couple years; she stepped down last week in preparation for her new job. And a reminder that this is my last CC meeting -- thank you to the volunteer Minutes-takers for the next few CC meetings, Andrea, Elizabeth, and Marty.
- Andrea: Thanks to Liz for everything you have done for this Committee and for curriculum at LPC!
- Student Rep asked about what she can report to Student Senate -- Craig will chat with her afterwards.

10. Adjournment by Craig Kutil at 4:26 pm – **Wing Brooks/Castelli/Approved**

- Next Regular Meeting: **October 21st, 2024**
