*CMUS 100 needs to be transferrable to be included.

1. **“OR”**: In order to gain additional unit “headroom” in their ADT, colleges may substitute Music 110 (Music Fundamentals) for Music 120 (Music Theory I), by compressing content into 110 or distributing it between 110 and 130, thereby gaining 3 units on the degree total. This substitution assumes that all content of Music 1 will be covered within the other courses in the sequence. **“AND”**: As Music 110 or Music 120 may be double counted, some programs can choose to require both, gaining three units on the degree total.
2. These courses may be combined with same level Music Theory into one course but must meet objectives of both listed courses for 4 units per course.
3. CC Programs can construct a combination of Major and/or Specialized ensembles to meet the minimum total Ensemble requirement of 4 units.

Credit or placement equivalent to two years of college level Spanish are required. If a student places out of any core course(s) and is not awarded units for that course, the student will need to take additional units to compensate for the course/units required to reach at least 18 total units in the major (Title 5 regulations). Course substitutions are made at the discretion of the local college and may or may not be delineated in the local degree. Suggested substitutions include courses in List A.
