GOALS

Help students adequately prepare themselves for college and career

Expose students to courses and career opportunities not available to typical high school students

Provide students the support services needed to be successful in high school and college courses

Develop a solid foundation for “life as a college student”

Emphasize that college can be “for all students”

Increase underrepresented student enrollment in higher education

Students Must...

Earn a C or better in all high school and college courses

Maintain an enrollment of at least 6 and no more than 11 college units per semester

Behave with academic integrity

Be an active participant in the Middle College community
