

TRANSFER GUARANTEE

Las Positas College Transfer Center

Las Positas College has one of the highest transfer rates to four-year colleges and universities of any California community college.

Las Positas College provides students with Guaranteed Transfer programs for those who qualify to all California State University (CSU) and most University of California (UC) campuses plus a growing number of private and out-of-state universities.

The Las Positas College Transfer Center connects students directly with four-year colleges and universities. Students also have access to UC TAG guidance, application assistance, transfer workshops, and one-on-one appointments with university representatives throughout the year and at campus events like Transfer Day.

California State University (CSU) Transfer Success Pathway (TSP)

The Transfer Success Pathway (TSP) is a dual admission program that lets eligible students secure a place at a California State University campus and in a specific degree program before their first semester at Las Positas College begins. Students are eligible if they are entering a California community college and have not earned college credit since finishing high school or a GED. Dual enrollment and summer courses taken right after graduation do not affect eligibility. Submit your agreement in the CSU Transfer Planner, then transfer within three years.

Enrollment runs August 1–October 31.

Associate Degrees for Transfer (ADT)

An Associate Degree for Transfer, awarded as an Associate in Arts for Transfer (AA-T) or an Associate in Science for Transfer (AS-T), is built for students moving into a similar major at a California State University campus. Each ADT follows a set pattern of courses that satisfies general education and major preparation at the same time and can be earned in two years. Students who earn one are guaranteed priority admission to a CSU campus, though not to a specific campus or major. At impacted campuses and majors, applicants holding a guaranteed transfer degree are given additional consideration.

University Of California (UC) Transfer Admission Guarantee (TAG)

FACTS: University of California
Transfer Admission Guarantee Pathway

- Transfer agreements guarantee transfer admission without an obligation to attend.
- Specific courses and grades are required depending on the major or program implication criteria.
- Students may apply for a UC TAG to only one participating UC campus, but may apply for transfer to any UC campus.
- Students should meet with an academic counselor during their first year of enrollment to complete a Student Education Plan to plan for and ensure eligibility for UC TAG.
- Submit your TAG application September 1–30.

Transfer pathways to UC Berkeley, UCLA, and UC San Diego are available but not guaranteed.

The University of California (UC) Transfer Admission Guarantee (TAG) is a formal, written agreement that provides guaranteed admission to California community college students who meet and fulfill specific requirements.

Las Positas College is proud to offer UC TAG to the following UC campuses:

UC Davis

UC Irvine

UC Merced

UC Riverside

UC Santa Barbara

UC Santa Cruz

Private and Out-of-State Universities Transfer Admission Agreement (TAA)

The Transfer Admission Agreement (TAA) is a formal, written agreement that outlines the courses and grade point average necessary before transferring from a California community college to a private or out-of-state university.

Las Positas College is proud to offer TAAs to the following private and out-of-state universities:

Arizona State University

University of Arizona

Saint Mary's College

University of Hawaii at Hilo

Santa Clara University

Historically Black Colleges & Universities (HBCU) Transfer Guarantee Agreement

The California Community Colleges Historically Black Colleges and Universities (HBCUs) Transfer Program develops Transfer Guarantee Agreements that facilitate a smooth transition for students from California Community Colleges to partnered HBCUs. These agreements simplify the transfer process and reduce students' need to take unnecessary courses, thereby shortening the time to degree completion with a cost savings.
