Sections

There are four sections to the document:

1. Review your program, including curriculum updates, accomplishments, challenges, and planning.
2. Data Analysis
3. SLO/SAO Review
4. Feedback on the PR template and process

Instructions

1. Please answer each question with enough detail to present your information, but it doesn't have to be long.
2. If the requested information does not apply to your program, write "Not Applicable."
3. Optional/suggested: Communicate with your dean while completing this document.
4. Send an electronic copy of this form to Program Review chair, Karin Spirn, and your Dean by Monday, Nov. 4, 2024

5. Even if you don't have much to report, we want to hear from you, so your voice is part of the college planning process.

Equity is a guiding principle. Here is the LPC definition:

Las Positas College will achieve equity by changing the impacts of structural racism, ableism, homophobia, and systematic poverty on student success and access to higher education, achieved through continuous evaluation and improvement of all services. We believe in a high-quality education focused on learning and an inclusive, culturally relevant environment that meets the diverse needs of all our students.

LPC Equity Definition: Equity is parity in student educational outcomes. It places student success and belonging for students of color and disproportionately impacted students at the center of focus.

Section 1: Your Program In 2024-2025

Please place an X next to N/A where relevant

A. Accomplishments: Identify your main accomplishments from the 23-24 academic year.

Some areas you **may** want to note in your explanation are:

- Did your accomplishments support your program's plans identified in recent PRs?
- Did they relate to guided pathways?
- Were they in support of the colleges [equity definition](#)? Continued work on the Canvas courses for French 1A & 1B, which is used in lieu of a textbook to offer a LCTB opportunity for students. Continuing to refine a project-based assessment method for the French courses, rather than exam-based assessments. This is a more flexible grading policy that meets each individual student where they are allowing for demonstration of personal growth with the language over the course of the semester, instead of a pre-established one size-fits-all rubric.
- Did they connect to any of the college [planning priorities](#)? Yes, Equity and Student success & completion.
- Did you receive any positive/negative feedback from students? Yes, I received mainly positive feedback and improvement concepts from students in the informal Mid-term evaluations, as well as the formal evaluations taken during the faculty evaluation process.
- Are there any innovations or new processes you'd like to integrate? Possibly Non-Credit version of each class for life-long learners.
- Has your program changed in response to the SCFF model of college funding? (completions, increasing enrollment, offering certificates, degrees, etc.)?

X

- Connecting to the college planning priorities and in support of the LPC equity definition: .

B. Challenges, Pain Points, and Needs

What significant or ongoing challenges or obstacles did your Program face during the 23-24 academic year, especially related to accomplishing program goals/plans? Consider funding, staffing, materials, facilities, outside requirements such as legislative mandates, working on equity gaps, etc. Highlight/identify any challenges mentioned in previous reviews.

X Not being able to offer the 2A/2B course which also limits the French program. A certificate in French would be possible if we were offering the upper-level courses. Instead, any student who wants to continue studying French is required to seek out programs at other institutions.

C. Planning: What are your program's most important plans, either new or continuing?

X Continue to fine-tune the Canvas course, which is used in lieu of a textbook to offer a LCTB opportunity for students. This takes a considerable amount of time each semester to update the Canvas shell for each class. Offering the audit option for students who wish to continue studying the materials with me past these two classes. Since we do not offer the continuation courses, students have been auditing French 1A and 1B to solidify understanding before moving on to Chabot or elsewhere to take the upper-level courses. Planning to

investigate/pursue offering a Non-credit version of the French courses, instead of the audit option, which would allow life-long learning students easier access to take the course multiple times.

D. Identify any college, district, or legislative barriers to your program’s equity work. What suggestions do you have for minimizing or eliminating these barriers?

Barriers: Student’s are unable to complete a certificate in French at LPC. They are also unable to complete upper-level French 2A/2B courses here if they are in the Global Studies program.

Suggestions: Consider offering a combined 2A/2B course every-other Fall semester in combination with the current programming.

E. Curriculum Updates

Reasons for updating include that it is required every two (CTE) or five (non-CTE) years, there is a program or college need, starting a new program, or new legislation.

1. Are you planning to update any curriculum in 24-25?
Yes No

2. Comments (Optional): I completed the update for French 1A and submitted it via CurriQunet at the end of October 2024.

3. Please review your program [maps](#). Do you need to make any modifications?
Yes No

4. If yes, compare each [Program Map](#) to your current course offerings and sequencing. Pay close attention to prerequisite information, and classes offered only during certain semesters.
 - a) If your map requires a **non-curricular change** (i.e., course sequencing), consult your [Pathway counseling faculty liaison](#) to initiate changes.
 - b) **If your map requires a curricular change** (Program modifications) - these are initiated through the Curriculum Committee.Any questions? Contact the [Curriculum Chair](#) or the [Curriculum and SLO Specialist](#).

Section 2: Data Analysis – Quantitative and Qualitative

IR Data Review: Discuss any significant trends in the data provided by the Office of Institutional Research and Planning (or any other data you use for decision-making and planning).

(Note: Not all Programs have IR data available; if your program does not have a data packet or dashboard data, you may note that in the response box and reach out to [the IR team](#).)

Here are a few samples of data to review and reference if that’s helpful.

- IR Data packets [are available here](#) (Posted Fall 24)
- Academic & Career [Pathway Specific data](#) (Posted Fall 24)
- Your program's survey data
- [Transfer data](#)
- Course Set Standard Overview & Success Rates Dashboard are in the middle of [this page](#)

B. Program-Set Standard (Instructional Programs Only):

The program-set standard is a baseline that alerts programs if their student success rates have dipped suddenly. 95% of the rolling 5-year average. There are valid reasons a program does not meet the Program Set Standard; when a program does not meet this standard, they are asked to examine possible reasons and note any actions that should be taken, if appropriate. | [Program-set standard data can be found on this page.](#)

1. Did your program meet its program-set standard for successful course completion?

Yes No

2. If your program did not meet your program-set standard, discuss possible reasons and how this may affect program planning or resource requests.

Section 3: SLOs/SAOs: Assessment of Student Learning and Support

Program Review is the college's major data source on student learning and support and is, therefore, regularly reviewed. *Each year, programs must discuss their PSLOs, CSLOs, or Service Area Outcomes (SAOs.) This helps us to see how our students are progressing in their learning.* For assistance with these questions and instructions on running reports using eLumen, [click here](#).

Please complete at least one of the following three sections based on what is appropriate for your program.

Check at least one below:

- C1: Instructional Programs with PSLOs (disaggregated PSLOs)
- X C2: Instructional Programs with CSLOs (*Departments without degrees, non-major courses, and/or other courses up for assessment*)
- C3: Non-Instructional Programs (SAOs)

C1: Instructional Programs with PSLOs (disaggregated PSLOs)

To assess PSLOs within eLumen, CSLOs must be correctly mapped to only one PSLO, and every mapped CSLO must have assessment data. Please review the items below and proceed accordingly.

- If the CSLOs are mapped correctly and there is data for each CSLO, then continue to question 2.
- If the CSLOs have assessment data and the mapping needs to be completed, then complete the mapping within eLumen ([See SLO Handbook, p. 7](#)) and continue to question 2.
- If not all mapped CSLOs have assessment data, then you cannot assess the PSLO. In this case, continue to section C2.

1. [Please review your 3-year plan](#) and verify that all courses will be assessed by June 2026. (between Fall 2023 – Spring 2026)

Will at least one SLO be assessed in each course by June 2026?

Yes ___ No ___

If not, please update your 3-year plan to include any courses you missed. If you plan to revise your 3-year plan, then send your updated plan to the [Curriculum and SLO Specialist and the SLO Chair](#).

2. Based on your [3-year plan](#), list the PSLO(s) for the academic year 2023-2024 that your program selected to review and explain why these were chosen.
3. What percentage of faculty completed the planned CSLO assessments? (In eLumen, [run a Faculty Participation report](#) for 23-24).
 - _____%
4. Analysis of PSLO(s): What conclusions can be drawn about student learning and equity in your program based on eLumen and/or other data? You may want to consider disaggregated data. When using eLumen [See the Guide](#) for instructions on how to disaggregate PSLO data.
5. Based on discussions with others in your program, explain potential changes designed to improve student learning and close any equity gaps identified through the analysis of PSLO data. Please also note if you decide to update any CSLOs or PSLOs based on this analysis (If updating, then you may do this through eLumen, see the [SLO Handbook](#) if you need instructions on how to do this).
6. If you experienced any challenges in completing your PSLO assessment process, please list those below along with any items that would help you improve this process in the future.
