**I. MISSION**

A. State the current program mission

The mission of the Las Positas College Foundation is to support and advance the college and its students through active resource development, effective community partnerships and strategic collaboration with community-based organizations & entities.

B. The mission of Las Positas College is the following:

*Las Positas College provides an inclusive, learning-centered, equity-focused environment that offers educational opportunities and support for completion of students' transfer, degree, and career-technical goals while promoting lifelong learning.*

Discuss how the program/service area supports the college mission.

There are two Las Positas College Foundation specific goals. The first is to inform and educate the communities that we serve about the remarkable asset they have in Las Positas College; and the second is to give individuals, businesses, and community-based organizations an opportunity to support and invest in student success at LPC. This is accomplished primarily through the funding of student scholarships, support for vital educational programs, developing needed resources not provided through state funds, management and growth of endowment and partnership with the greater Las Positas College Community.

The Foundation's Mission, Goals & Value statements are in strategic alignment with those of the College. They are reviewed with college & Foundation leadership on an annual basis and updated as needed.

The second specific Foundation goal was crafted to help LPC students achieve their educational/career goals as related to the College mission. There are a wide range of activities, programs and services which are critical to student success. Unfortunately, the College cannot rely on the state alone to fund many of these areas. It is through the generous support of individuals, families and businesses located primarily in the Tri-Valley that we can assure LPC students a well-rounded college experience.

All members of the Las Positas College community are potential beneficiaries of and stakeholders in the Foundation's resource development and community engagement efforts. The largest group of these are the students. From Spring 2022 through Fall 2022, more than 60 scholarships totaling over \$300,000 were awarded.

C. List the major functions/duties of your unit.

1. Support the mission of Las Positas College through active resource development.

2. Engage the Tri-Valley Community in support of the college mission and the establishment of effective partnerships.

3. Recruit, support and retain a high-quality board of directors to provide governance of the LPC Foundation

4. Collaborate with campus departments identify and service critical unmet needs.

5. Strategic development & implementation of LPCF operation plans.

6. Day-to-day management and leadership of LPCF campus operations, alumni outreach and key community-based stakeholders.
