## B. ESL 24 Successful Course Completion Rates

Aggregated Data for Academic Years 2014-15, 2015-16 and 2016-17
*Highlighted student groups were disproportionately less likely to complete course.
$\left.\begin{array}{|ll|r|r|r|r|}\hline & & \text { Cohort } \\ & \text { Gender } & \text { Count } & \text { Success Count } & \text { Success Rate } & \text { Percentage Point } \\ \text { Gap }\end{array}\right]$

| Ethnicity | Cohort <br> Count | Success Count | Success Rate | Percentage Point Gap |

## B. ESL 24 Successful Course Completion Rates

Aggregated Data for Academic Years 2014-15, 2015-16 and 2016-17

| Foster Youth Status | Cohort <br> Count | Success Count | Success Rate | Percentage Point Gap |
| :---: | :---: | :---: | :---: | :---: |
| Not Foster Youth | 183 | 148 | 80.9\% | -1 |
| Foster Youth | 20 | 19 | 95.0\% | 13 |
| Total | 203 | 167 | 82.3\% |  |

| Low-Income Status | Cohort Count | Success Count | Success Rate | Percentage Point Gap |
| :---: | :---: | :---: | :---: | :---: |
| Not Low Income | 163 | 139 | 85.3\% | 3 |
| Low Income | 40 | 28 | 70.0\% | -12 |
| Total | 203 | 167 | 82.3\% |  |

| Veterans Status | Cohort <br> Count | Success Count | Success Rate | Percentage Point Gap |
| :---: | :---: | :---: | :---: | :---: |
| Non-Veteran Veteran | $203$ | 167 | 82.3\% | 0 |
| Total | 203 | 167 | 82.3\% |  |

Note: *Four cohorts (2013-14, 2014-15, 2015-16, 2016-17) were used to calculate Disability Status.
$\sim$ The minimum sample size is 20 . Sample sizes fewer than 20 are not shown, but are included in the total.
Cohort: Students enrolled in the Fall and Spring semesters in academic years 2014-15, 2015-16, and 2016-17.
Outcome: Successful Course Completion Rate is the percentage of students receiving a passing grade ('A', 'B', 'C', 'CR', or 'P') relative to all students receiving a grade.
Percentage Point Gap: The difference between the success rate of the disaggregated subgroup compared to the success rate of all students for a specific outcome. A '-6 percentage point gap or greater' suggests that the subgroup may be disproportionally impacted.

## Number of Students Lost

| Equity Gap | Student <br> Group | Gap in comparison to the Average (\%) | Course enrollments (All Cohorts) | \# of Cohorts | Gap (decimal) | Multiply (X) | the average \# of courses students enrolled in \& were present in on census day | = | Annual <br> Number <br> of <br> Students <br> "Lost" |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | A | B | C | A | $x$ | B/C | = | D |
| Largest Gap | Low Income | -12 | 40 | 3 | 0.12 | x | 13 | = | 2 |
| Second <br> Largest | Asian | -2 | 119 | 3 | 0.02 | x | 40 | = | 1 |
| Third Largest | Not Foster Youth | -1 | 183 | 3 | 0.01 | x | 61 | $=$ | 1 |

Notes: Column $B$ is the enrollment count of all aggregated cohorts for each student group; column " $B / C$ " is the average enrollments for one academic year (enrollment count/ \# of cohorts), as of census day. The annual number of students lost $(D)$ is the number of student enrollments which, if sucessfully completed, would have closed the equity gap.
