 - Condensing texts/pages of SLO/PSLO review
 - Importance of coordination between SLO Committee and Program Review Committee to ensure that the end of each three-year cycle is a full Program Review year. In the "off" years, the goal is to simplify the SLO section so that programs can just report out on what information they had gathered for the academic year – this can be CSLO-based, as the PSLO analysis would be expected every three years for the PR that falls at the end of the cycle. The goal for the "off" year will be for the SLO section to just consist of three questions that will align with the Accreditation SLO standards. It was also agreed that the SLO section should come before the "barriers" section in the PR.
 - Moving up timeline for review/consistent reviews
 - Based on discussion, Karin will draft up revised SLO section and bring to next SLO meeting for review and discussion.
- 7. Informational Items**
