

LPC Mission Statement

Las Positas College is an inclusive, learning-centered, equity-focused environment that offers educational opportunities and support for completion of students' transfer, degree, and career-technical goals while promoting lifelong learning.

LPC Planning Priorities

- ❖ Establish a knowledge base and an appreciation for equity; create a sense of urgency about moving toward equity; institutionalize equity in decision-making, assessment, and accountability; and build capacity to resolve inequities.
- ❖ Increase student success and completion through change in college practices and processes: coordinating needed academic support, removing barriers, and supporting focused professional development across the campus.

1. Call to Order at 2:35pm – John Rosen

2. Review and Approval of Agenda

First: PZ, Second: JH; unam.

3. Review and Approval of Minutes

3.1. February 23rd, 2026

First: FB, Second: JM; unam.

4. Public Comments (This time is reserved for members of the public to address the SLO Committee. Please limit comments to three minutes. In accordance with the Brown Act, the SLO Committee cannot act on items not already on the agenda)

5. Reports

5.1. SLO Chair Report

- Flex Day schedule has been published, there is a morning and afternoon session. The afternoon session is focused on CurriQunet META Assessments.
- Program Review Committee Chair contacted SLO Chair regarding template revisions. SLO Chair will submit draft and discuss the revisions with the SLO Committee at the next meeting. Feedback from SLO Committee will be limited to the SLO section only.
- Met with META representative and bi-weekly meetings have been established again. Next focus will be regarding SAOs.
- The data upload of student information should be uploaded by Flex Day. Expected fixes include issues with CCN coding issues and some section numbers missing, including non-CCN sections. In the past with eLumen, we uploaded student information three times during the semester; however, it was decided that one data upload after the “W” deadline (captures late-start) would suffice.
- The “Launch” function is not working for some faculty due to a possible workflow configuration issue, or incorrect/unclear faculty role assignments. A fix is TBD.

5.2. Administrator’s Report

- No report; absent

6. PLO/SAO Reviews

7. Discussion Items

7.1. 3-Year Plan Templates and Flex Day session

- Revision of templates; adding a clearly labeled example above each box for better visibility.
- Three separate templates for Degree/Certificate Programs, Non-Degree Courses, Non-Academic Programs (SAOs).
- Clarify the intended purpose regarding courses not part of a degree or certificate program and not being assessed during the current cycle.
- When selecting SLOs, consider what you want to learn/improve through the assessment.
- More discussion regarding how SAOs are incorporated into planning and assessment processes.
- Flex Day sessions will present the 3-Year Plan Templates.

7.2. CurriQunet META: updates, PLO Assessment, and Mapping

- Issue with section-level aggregations, where reports are displaying individual student data instead of aggregated data.
- Needs to be reviewed to reflect correct aggregate-level outcomes rather than student-level details.
- Program coordinators will need to identify and input which courses map to their programs.
- Next steps will determine whether coordinators will validate/update this mapping,
- Or if data file with map of courses to programs can be inputted by META.
