**Re: Las Positas College, Veterans First Program - Honoring Women Veterans 3/27/2025**

Dear Friends and Colleagues of Veterans,

The Las Positas College Veterans First Program proudly supports over 400 men and women who have self-identified on their application as being military affiliated. These students could be active, veterans, reservist, spouse or dependent of our armed forces. Often, many of these students enter college with physical challenges and hidden mental health issues. In the Veterans First Program, our goal is to provide resources and services with adjusting to civilian life, through academic and life skill support. We also foster opportunities for our students to liaison with community military support groups to increase a sense of belonging and support for our students.

On March 27, 2024 from 4-6pm we are hosting our annual Honoring Women Veterans event with a raffle on our beautiful Las Positas College campus. All the monies raised are used to support our Veterans First Program services and Veteran scholarships.

We would appreciate your earliest donation (gift card or in-kind donation) **prior to March 15, 2025**, so we can provide maximum visibility of both your donation and business organization at our event. All donations are tax deductible, and our LPC Foundation will provide a donation letter upon request.

You may leave a message at 925-424-1570 or email [LPCVeteransFirst@laspositascollege.edu](mailto:LPCVeteransFirst@laspositascollege.edu) for one of our team members to pick up donations. We, and our veteran program recipients, really do appreciate your support. Community members are also invited to our event. Please join us if you are available on March 27, 2025 from 4-6 pm. To RSVP, visit our website at <https://www.laspositascollege.edu/veterans> (select the Honoring Women Veterans site).

Very truly yours,

Evelyn Andrews, Supervisor  
Veterans First Program  
Las Positas College
