Come One... Come All... All Are Welcome!

We Welcome Very Special Guest Speaker: Brian Sussman

A Shift in the Political Winds... What's Next?

Brian Sussman is an award-winning meteorologist, hall of fame radio talk show host, and bestselling author.

In the Eighties and Nineties, Brian was the chief meteorologist for KPIX-TV in San Francisco. He also was the fill-in weatherman for the nationally broadcast CBS Morning News in New York City. Simultaneously, Sussman began a weekly news segment on KPIX called "Brian's Kids". The program highlighted foster children seeking adoption. For over ten years, Brian's Kids witnessed over 400 of its featured kids becoming adopted.

Following 9/11, Sussman left television for talk radio. He was hired by KSFO in San Francisco, the first all conservative radio stations in America, and soon became host of their legendary morning show.

In 2010, he authored, Climategate: A Veteran Meteorologist Exposes the Global Warming Scam. The book entered the marketplace in the top 20 of all books sold on Amazon. In 2012, he released, Eco-Tyranny: How the Left's Green Agenda Will Dismantle America. He left KSFO in 2019 and began The Brian Sussman Show podcast.

His new book, Climate Cult: Exposing and Defeating Their War on Life, Liberty, and Property, is published by Post Hill Press, a division of Simon and Schuster.

"We are living in extraordinary times," says Sussman. "The last election illustrates that Americans perceive the Democrat's priorities as being opposed to Life, Liberty, and the Pursuit of Happiness. Our duty now is to help make America great again."
